

LABORATORI NAZIONALI DEL GRAN SASSO

SEMINAR ANNOUNCEMENT

On June 6, 2008, at 2:30 pm, **D. Blas** from **Barcelona University** will give a seminar entitled:

**"Transverse symmetry and
gauge fields"**

Abstract

In this talk I will present the way in which the formalism of unimodular gravity can be extended to higher spin. In particular I will focus on the spin $3/2$ field. Besides, I will comment on the supersymmetric extension of the theories.

(“B. Pontecorvo” room)
