

LABORATORI NAZIONALI DEL GRAN SASSO

SEMINAR ANNOUNCEMENT

---

Pasquale Migliozzi (INFN Napoli)

*“Updates of the neutrino  
velocity measurement with the  
OPERA detector”*

---

*In this seminar we discuss the major updates on the neutrino velocity measurement since the first publication of the result in September. In particular we will discuss the results obtained by the OPERA Collaboration by exploiting a short-bunch wide-spacing beam.*

---

**NOVEMBER 23, 2011 – 3:30 PM**  
**LNGS - “E. FERMI” ROOM**
